北方圏国際シンポジウム概略

開催趣旨

世界の海の10%を覆う流氷は、地球の熱的バランスの大きな要素として大気・海洋大循環の駆動力を生み出しています。オホーツク海は、世界で最も低緯度の凍る海で、流氷の南限です。毎冬、オホーツク海の60～70%は流氷野となり、私たちの生活にも功罪両面の働きをしています。さらに最近の地球温暖化の影響により北極海の海氷面積は急激に減少し、環境問題としては由々しき事態ですが、一方で太平洋と欧州を結ぶ「北極海航路」の開通が注目を集めています。

このように流氷は地球環境のみならず、水産業、農業、工業などの生産活動にも深く関わっています。シンポジウムでは、最新の海氷研究から地球温暖化、環境問題、海洋生物、北極海航路、極地、オホーツク地域の諸問題まで様々な話題が取り上げられます。

北方圏国際シンポジウム「オホーツク海と流氷」は、1986年に第1回が開催されて以来、毎年紋別市で開かれ、2020年で35回を数えました。2021年は新型コロナウイルスのために学術分科会は中止になりましたが、2022年は第36回北方圏国際シンポジウムとしてオンライン学術分科会が開かれます。是非、多くの皆様がシンポジウムに参加して、実り多い討論と交流を深める機会になることを期待します。また「子ども流氷シンポジウム」や「市民公開講座」など市民向け行事は、出前授業、ポスター展示という形で開催します。

PURPOSE OF SYMPOSIUM

Sea ice covers 10% of the earth's oceans, which produces dynamic cycles in the atmosphere and in the oceans as a major factor in the global heat balance.

The Sea of Okhotsk is the lowest latitude freezing sea in the world, and the coast of Hokkaido is the southern limit of sea ice in the Northern Hemisphere. Every winter, 60-70% of the Sea of Okhotsk is covered with sea ice, which has both merits and demerits in human lives.

Furthermore, the sea ice extent in the Arctic Ocean has decreased rapidly due to the recent global warming, which is a serious environmental problem. On the other hand, the opening of the "Arctic Sea Routes" between the Pacific Ocean and Europe has become a new subject.

For these reasons, sea ice deeply relates to the global environment and also to human activities such as fisheries, agriculture, and industry. Our Symposium will cover a variety of topics of the latest sea ice researches, global warming, environment change in polar regions, biology and fisheries, Arctic Sea Routes, and many subjects in the Okhotsk region.

The International Symposium on Okhotsk Sea & Polar Oceans has been held every year in Mombetsu since 1986, and has counted 35 times in 2020. In 2021, the Symposium was canceled due to the new coronavirus. However, in 2022, we can hold the online academic sessions as the 36th Symposium. We hope that many participants will have fruitful discussions at this Symposium.
